Subject — Water Supply and Town Improvement Grants for 1941-42

******

SIR

With reference to your letter No L 6124-32 dated 17-2-1941 calling for a statement of the estimated amount that may be required in respect of the Town and Minor Municipalities in the District for the year 1941-42 I have the honour to forward herewith two statements furnishing the particulars called for and to state as follows -

I WATER SUPPLY -

1 Shimoga Town Municipality.- (a) The Municipal Council, Shimoga has proposed to extend the Water Supply Scheme to Nilaghatta Extension and to provide water service connections to the Slaughter house also An estimate has been prepared for Rs 11,027/ and the Municipal Council pray that the entire cost may be sanctioned by Government as a grant as they are not in a position to finance the scheme The question of extending Water Suppl to this part of the Town is under consideration for a long time and it is an urgent need

(b) Extension of Water Supply Scheme to Islapura - It is proposed by the Municipal Council to extend Water Supply to Islapura (near the old Railway Station) and also to the Intermediat College Buildings An estimate has been prepared for [illegible] 155/-

and the Municipal Council have prayed for the sanction of the entire amount - half as grant and the other half as a loan A recommendation has already been made in this office lo M 3 C 1565/40 dated 17-2-1941, in this behalf

2 Bhadravathi Municipality - The question of providing a satisfactory supply of water to the Bhadravathi Old Town has been under consideration for some time past The water in the River Bhadra is rendered unfit for consumption on account of the effluent of the Paper Mills which is let into it At present the Municipal Council has entered into an agreement with the Iron and Steel Works according to which the town is to be supplied with 26 000 gallons of water per day in return for a sum of Rs 2000/- payable yearly by the Municipal Council The Town is provided - with only about 98 taps and the supply of water therein is neither assured nor steady An estimate has therefore been prepared for Rs 70 000/- by the General Manager Mysore Iron and Steel Works providing for a daily supply of 1 35 000 gallons As the Municipality is not in a position to finance the scheme the entire amount will have to be sanctioned by Government half as a grant and half as a loan The estimate and plan for the work will be forwarded separately with the Council Resolution

II TOWN IMPROVEMENT WORKS -

1 Shimoga Town Municipality - (a) It is proposed to form a circle near the Old Travellers' Bungalow at an estimated cost of Rs 2 500/- The plan and estimate have been prepared and have also been scrutinised by the Government Architect But the work - could not be taken up on account of the inability of the Council to finance it The Municipal Council request that the full amount may be sanctioned as a grant-in-aid I request that sanction of Government may be kindly obtained for the grant

(b) Strengthening the bank of the river Thunga at Savaipalya - It was observed by the Dewan during his visit to Shimoga

that

that an estimate may be got up for revetting the river bank in Savaipalya to prevent erosion An estimate for Rs 11,400/- prepared by the Public Works Department had been submitted to Government during 1939-40 with a request for a grant equal to the amount of the estimate as the Municipal Council pleaded inability to provide funds for the work It was intimated in your letter No I 6393 dated 19-1-1940 that the request may be reviewed in the current year Accordingly a reference had been made and a reply was received to the effect that the entire allotment had been exhausted vide your letter No I 2988/M1 53-40-37 dated 24-10-40 This is an important work and has to be undertaken in the interest of the public safety I request that Government may be moved to sanction the grant prayed for by the Municipal Council

2 Sagar Town Municipality - (a) The Municipal Council have proposed to widen the Police Station Square at an estimated cost of Rs 25,000/- A recommendation had been made to Government last year for sanctioning a grant of Rs 12 500/- as they are not in a position to meet the entire cost It has been intimated in your letter No I 3230/M1 53-40-42 dated 29-10-40 that the request may be renewed next year as the entire allotment has been exhausted during the current year This question is pending for a long time This is an important improvement work and has to be undertaken urgently, in the interests of public safety The formation of the circle also adds to the beauty of the town Sanction of Government may kindly be obtained for a grant of Rs 12 500/-

(b) A deviation road of the Bangalore Honnavar Road from the Marigudi to the Jog Toll Gate at Sagar is proposed to be formed at an estimated cost of Rs 7400/- and the Municipal Council have prayed for a grant of two-thirds of the estimated cost A recommendation had been made in this behalf and a reply has been received to the effect that the entire grant during the current year has been allotted and that it is too early to say what amou

year has been allotted and that it is too early to say what amount out of the Town Improvement grants will become available for the purpose next year that further only half the cost of such works will generally be given as a grant-in-aid from Government and not two-thirds as required and that the request may be renewed next year Vide your letter No I 6657/M1 63-40-76 dated 15th March 1941 The deviation road is in respect of Bangalore-Honnavar road which is a provincial one and it is proposed as with a view to divert the traffic as the bit of the road passes through Chamarajpet which is the busiest part of the Town The Municipal Council has to finance several important schemes such as Water-supply formation of Police Station Square etc Hence Government may be kindly moved to sanction a grant equal to 2/3 of the estimated cost

3 Bhadravathi Municipality - (a) A recommendation had been made to Government for sanctioning a grant of Rs 7000/- to the Municipality for the acquisition of certain wet lands in close proximity to the town as an Anti-malarial measure and also for the formation of roads on the river bank etc It was first observed in your letter No L 2873/M1 53-40 dated 15th October 1940 that a suitable grant may be given to the Municipality - out of the sum of Rs 3000/- at my disposal for the benefit of Minor Municipalities and when it was stated that the amount had been already distributed and no amount was available Government in their order No L 3945-7/M1 53-40-52 dated 20-11-1940 sanctioned only a sum of Rs 1000/- for the town improvement works The Town is growing in importance day by day It is necessary that the town which is in close proximity to the Iron and Steel Works and the Paper Mills should be kept in good condition and that improvement works for the beautification of the town should be undertaken In the circumstances the Government may be kindly moved to sanction a grant of Rs 7,000/- to the Municipality

As

(b) As per instructions of the Dewan in his Tour Notes the Municipal Council has proposed to construct steps to the River Bhadra near Sri Rameswara Temple at an estimated cost of Rs 3000/- and prayed for a grant of Rs 2,000/-, for the purpose A recommendation had been made to Government in the matter but it was observed in your letter No L 2702/M1 53-40-33 dated 4-10-40 that a suitable amount may be allotted to the Municipality out of the sum of Rs 3000/- which had been placed at my disposal for distribution among the minor Municipal Councils in the District during the current year As the amount had already been distributed a reply was sent in my letter No M 3 C 849/40 dated 1-11-40 that no amount was available and that a separate grant may be sanctioned, but Government sanctioned only a sum of Rs 1000/- for town improvement works as stated in the above para and no grant was sanctioned for the construction of steps to the river Government may therefore be kindly moved to sanction a grant of Rs 2000/- for this work

(c) An estimate for Rs 26 000/- for the drainage scheme at Bhadravathi has been sanctioned and the Government have ordered that the work may be spread over 5 years or more A sum of Rs 2 000/- was also sanctioned by Government towards a portion of the Government share of cost from out of the Town Improvement Grant for 1939-40 Vide G C No L 3165-9/M1 10-36-39 dated 10-4-1939 No grant has been sanctioned in the current year for this item of work A sum of Rs 4000/- may be kindly sanctioned towards the Drainage work next year

4 Shikarpur Town Municipality -(a) With a view to remove congestion and to prevent accidental fires in the Town in future the Municipal Council have proposed to acquire certain properties in the town for forming sites Owing to the scarcity of funds the Municipal Council prayed for an out-right grant of Rs 5000/- On a recommendation made to Government in

the matter it has been directed that the request may be reneved next year as the entire allotment for 1940-41 has been exhausted Vide your letter No L 4219/M1 53-40-55 da ed 27-11-40 A grant of Rs 5000/- may be kindly sanctioned

(b) Since the Town is provided with water-supply now the necessity for drains is keenly felt On account of its poor finances the Municipal Council is not in a position to undertake the work An out right grant of Rs 3 500/- may be kindly sanctioned for the construction of drains during the year 1941-42

5 Tirthahalli Municipality - The Shimoga-Mangalore Road lying within the Municipal Limits of Tirthahalli has been recently tarred It is necessary to tar the bit of the road branching off from the main road upto Sri Rameswara Temple a distance of about three furlongs The cost of this work is estimated at Rs 6 000/- I request that sanction of Govern. ment may be kindly obtained for a grant of Rs ~~2~~x 3 000/- for this work

6 Nyamathi Municipality - An estimate for Rs 6200/- has been prepared for the construction of the Town Hallx at Nyamathi The Municipal Council have prayed for a grant of one-third of the estimated cost A separate recommendation has been made in this behalf in my letter No M 3 C 4988/39-4(dated 26-2-1941 requesting the sanction of a grant equal to one-third of the estimated cost and also for covering the Tool and Plant charges if the same cannot be waived Nyamathi is a large town and the necessity for a public building at the place for holding Meetings and other gatherings is very keenly felt Besides the Municipal Office is also held in a rented building and that arrangement is found to be very inconvenien Hence sanction of Government may be kindly obtained for the

grant

4665
L

grant as already recommended

In addition to the above allotments a grant of Rs 5 000/- may also be kindly sanctioned for the benefit of the Minor Municipal Towns

I have the honour to be
Sir
Your most obedient servant

M Deekadeva
Deputy Commissioner,
Shimoga District

Sabld - Similar receipts from the Dy Commr of Kolar, Hassan, Chikmagalur, Mysore & Mandya &c & the Dy Conservator of Forests are awaited

Subject — Grants for water supply and Town Improvement - proposals for the year 1941-42

*****

SIR

In continuation of this office letter of even number dated 24-2-41 forwarding detailed proposals for the grants for the several Municipalities in this District, I have the honour to state that in respect of the proposal to grant a sum of - Rs 12,500/- to Sagar Municipality being half the cost of widening the Police Station square at Sagar and constructing a circle here the President Municipal Council, Sagar has submitted revised proposals After the preparation of detailed estimates for the work it is now found that the cost of the work including charges for the acquisition of houses comes upto Rs 29,000/- against Rs 25 000/- as originally estimated The Municipal Council have resolved at their meeting held on 14-4-41 that as they are not in a position to meet more than one half of the cost of this work a recommendation may be sent to Government that half the cost of the work as estimated now viz Rs 14,500/- may be granted for this work instead of Rs 12,500/- as originally prayed for

2 The locality to be improved is an important one being in the centre of Sagar Town on the High Road from Shimoga to Jog and the road in this particular place is very narrow The improvement proposed is one of urgent necessity

3 I therefore recommend that a grant of Rs 14 500/- may kindly be sanctioned for this work instead of Rs 12,500/- -
